

Achieving excellence, changing lives

A three-part mission shapes Weill Cornell Medicine: Exceptional care, research and education.

Our physician-scientist community includes faculty from Weill Cornell Medical College, Weill Cornell Graduate School of Medical Sciences and Weill Cornell Medicine's Physician Organization. Centered in the heart of Manhattan's Upper East Side scientific corridor, Weill Cornell Medicine's worldwide network of collaborators extends to its parent university **Cornell University**; to **Weill Cornell Medicine-Qatar**, which offers a Cornell University medical degree; and to programs in Brazil, Austria, Turkey, Tanzania and Haiti.

Partners, Collaborators & Affiliates
